POLICIES AND PROCEDURES

1. AWARDS - ANNUAL AWARDS and DATA POINTS

Several situations have arisen where it was important to know what the word "ride" means in Section 9 – Awards - of the Rule Book. Wording to clarify the word "ride" in Section 9 was approved at the November 2010 NBOD meeting. **No procedures were changed.** See supporting document in the Appendix.

2. AWARDS - BREED AWARDS (See Breed Liaison)

3. AWARDS - CASH

NATRC does not give nor accept cash awards.

2/14

4. AWARDS - HONORARY AND APPRECIATION

A. Committee Chair

1. Review criteria for appreciation and see if anyone on the National Board of Directors (NBOD) wishes to make any changes.
2. Remind NBOD by the July meeting that nominations are due to you by October 25. Each member of the NBOD should notify their respective regional boards of nominations due and criteria. Also, remind NBOD that whoever in their region is writing the nomination to be aware of the word limits.
3. Prior to November NBOD meeting, send via email write-ups to all NBOD members. In the body of the email, make a list by category the nominations and their respective regions.
4. Following the November meeting, send a list of approved honorees to Executive Director (ED) and the Awards and Points Secretary.
5. Prepare certificates for awarding at national convention. Prepare certificates so they arrive in the best condition possible to the home region by using an envelope with a piece of cardboard (such as photo folders) on either side of the certificate and a blank piece of paper to protect the 'type'. The chair procures and prepares certificates and packaging.
6. Mail certificates to chair of national convention OR mail to address where awards are being mailed. Check with the ED for correct address.
7. After the president has signed certificates, they will be distributed to recipients during the presentation of other national awards.

B. Awards & Certificates

Present certificates of appreciation annually according to the following:

1. **Jim Menefee Lifetime Achievement Award** (*Nomination to be limited to 400 words*).
Each region may nominate one member for this award. At the November meeting, the NBOD selects one nomination. A plaque is presented at the following national convention. The recipient accepts with a brief speech. The award honors Jim Menefee, a favorite horsemanship judge who was especially encouraging to novices and first-time riders. 7/15/17
(The competitive award titled the "Jim Menefee Memorial Combined Horse/Horsemanship" whose trophy was donated by Jim's son, Jack Menefee, is not related in its purpose to this award.)
2. **Workers Hall of Fame** (*Nomination limited to 400 words*)
Each region may submit one nomination for this award. Nominee must be a member of NATRC and may be an individual or a pair. At the November meeting, the NBOD selects one or more at their discretion. The award is presented at the following national convention. 7/15/17
3. **National Appreciation Awards** (*Nomination limited to 200 words*)
Each region may submit one nomination for this award. Nominee must be a member of NATRC and may be an individual or pair. A recipient can be eligible only once every 3 years. At the November meeting, the NBOD selects up to three nominees. Appreciation certificates are awarded at the following national convention. 7/15/17
4. **Regional Appreciation Awards for National Recognition** (*Nomination limited to 200 words*)
Each region may submit up to three nominations for this recognition. Recipients may be individuals or pairs or groups such as ride sponsors or clubs. At the November meeting, the NBOD approves nominees. Appreciation certificates are awarded at the following national convention. 7/15/17
5. **Outgoing Board Members**
Present appreciation certificates at the national convention
6. **Other Appreciation Awards**
Although not formally announced at the national convention, region organizations are encouraged to present their own special appreciation awards at their mini-conventions.

5. AWARDS - SPECIAL AWARDS

A. 4-H Awards

To encourage participation by 4-H members, NATRC offers a 4-H Junior Horse and Rider Team Year End High Point Award. Point distribution for each ride will be the same as the award system described in the Rule Book.

1. The award goes to the high point horse and high point rider team **regardless** of the rider's division.
2. The award is a self-nominating award. The nomination must occur before the end of the ride year, which is the second Sunday in November.
3. The riders must (1) be members, (2) send the ED an email (natrc@natrc.org) stating that they are 4-eaH members and (3) have their 4-H leaders verify that they are members with emails to the ED.
4. Riders may request an optional [Student 4-H & School NATRC Ride Verification](#) form from the ED to assist in verifying their participation in NATRC rides with their 4-H leaders. 10/16

B. Bev Roberts National Horsemanship Champion

7/12, 11/14

The Bev Roberts National Horsemanship Champion award program was approved by the board of directors in July 2012 with recognition beginning in 2013. Riders who have won national championships on five or more different equines are qualified. Specifics of the award are:

1. BEV ROBERTS NATIONAL HORSEMANSHIP CHAMPION (Five different National Champion equines): In the Open and Competitive/ Pleasure divisions, or a combination of both, a rider shall be declared a Bev Roberts National Horsemanship Champion upon achieving five (5) national championships with five (5) different equines.
 - a. Label the year of the fifth national championship as the award year.
 - b. Upon earning a fifth national championship with a fifth equine, the rider is named and given an award at that ride season's national convention.
 - c. More than one rider may receive this award in any year.
 - d. There will be years when no award is given.
 - e. The award will be given in increments of five; i.e. another five national championships on another five different equines.
 - f. A recipient who receives the award twice is thus recognized as having achieved 10 national championships on 10 different equines. A three-time recipient is recognized as having achieved 15 national championships on 15 different equines; likewise four times is 20 national championships; five times = 25 and so on.
 - g. Credit a rider with an equine's National Championship only if the rider rode the equine in *all* rides leading to the National Championship.
 - h. Beginning in 2013, all previous riders from NATRC's National Championship inception in 1978 who have qualified for this award, and subsequent winners, will be named and recognized in various media in the same manner as all other national awards (Rule Book, website, magazine articles, and so forth).
 - i. No physical awards will be given to retroactive winners.
2. According to our records, the following riders are retroactively qualified for this award as of 2012: Nancy Diamond - 1992; Bev Roberts - 2007; Bill Hinkebein - 2008; Terri Smith - 2011.

6. BREED LIAISON

A. Arabian Horse Association

There is a separate liaison for this organization

B. Breed Award Tasks

1. **Receive preliminary information:** Point chair emails the top five horses from each breed once the points audit is done. Usually this is around the end of November.
2. **Verify Information:** Check that the five horses meet the criteria (see following guidelines) by checking the NATRC™ website for ride results by region or if necessary, by calling the national office. The rider/owner can be called; however, calling people before they are approved to get an award can create confusion and disappointment in some.
3. **Get the award:** Send the list of eligible horses to the breed organization contact person. They will verify if the horse/rider/owner is eligible under their criteria. They may ask for more information such as registration number, name clarification, etc. *At this point, our top horse may not be eligible by the breed organization's standards.* In the request letter, include the information for the contact person for that year's convention. The breed organization mails the award directly to this contact person.
4. **Contact the winner:** Once an award is confirmed, contact the recipient so they know they will be getting an award – it may convince them to go to the convention! *If they cannot go, ask them who will pick up the award for them – AVOID mailing these awards!*
5. **Make sure the award is received!!** Check with the convention contact person for that year's convention – hopefully he/she will email as awards are received. If not, follow up at least once a week. A spreadsheet for keeping track of this information is helpful.

6. **Convention program:** Keep an accurate list of who is getting an award. Check to see what the deadline is. Keep in contact with the Executive Director (ED). 2/14
7. **Special awards:** In the past, the MFT organization gave out jackets for the top MFT horse in each region. Be sure to get a list of these from the points chair and that they meet the criteria as well. If there is any question, contact the regional awards person.
8. **Set-up at convention:** If attending the convention, set up the awards and hand them to the president for presentation at the banquet. If not attending, designate someone to do it. Communicate with the ED.
9. **Getting awards home:** Find the 'awards person' from each region BEFORE the banquet. Let them know that there are breed awards to take back to their region in addition to the regular awards. After the banquet, people are tired and in a hurry to get to their rooms – they tend to leave without the breed awards unless they ready to go. It is nice to display the breed awards during the banquet, but if threesome winners are not present, package up those awards and get them in their designated region box as soon as possible. It is also good to set the awards up in the order of presentation so as not to hold things up.
10. **Thank-you's:** Labels with breed organization contact information are prepared by the ED and attached to the breed awards that are there at the convention. Strongly advise recipients to send a personal thank-you to their breed association. Encourage them to take pictures of their award, post to NATRC Facebook, etc. 2/14

C. Breed Partner Guideline

Thoughts on "how it works" prospective for link and ad exchanges with breed organization partners.

1. Use a [Breed Liaison Status Sheet](#) for tracking who has been contacted, their contact information, and what has been agreed.
 - a. For those we are already partners with, check each breed organization website to see if they have our logo and a link to our website. If they do not, send them our logo and request that add our link. Follow up and update spreadsheet after their website is updated.
 - b. For those who are not already partners, contact the breed organization to see if they would like to participate in our free partnership program in which we exchange logos and links on our websites and quarter page ads in our newsletters/publications.
 - c. Work out specifics and if they want a signed agreement for the ad exchange. They may have their own contract form or use **Section 26. Partner Program** wording. Term of the agreement is one year, renewable. One ad design per year. Specifics needed include:
 1. High resolution digital copy of their logo
 2. Their ad requirements: size, color or B&W, deadline, who (name and email address) to send our ad to, copy of their media kit if they have one.
 3. Our ad requirements: size=4.75"w x 3.75"h, color, 300 dpi jpg, due date, who (name and email address) at NATRC for them to send their ad to.
 4. Prorating the ad size with the number of times newsletters are published per year.

Examples:

 - We publish 4 times; they publish once – our ad = full pg once, theirs ¼ pg every issue
 - We publish 4 times; they publish 12 – our ad ¼ pg published every third issue, theirs ¼ pg every issue
 - d. If yes, give them our logo and URL and connect them with our webmaster and ad designer to handle their logo and ad arrangements and update the spreadsheet.
2. Periodically check the breed association websites to see if the link to NATRC is still there.
3. Once a year ask each organization if they wish to change their ad for the next year's *Hoof Print* issues and renew the ad exchange agreement.
4. When the Publicity Chair sends a draft press release to Breed Liaison, which will be going to one or many breed associations, *review and return comments promptly*. This is sent to the liaison for assurance that nothing said in the release is sensitive or contrary to the liaison's ongoing conversations and arrangements with those associations.

9. CODE OF ETHICS 7/00

We, the NBOD, ED, judges, committee members, and employees are ambassadors of our sport whether at an organized event or informal gathering. There is an implied code of ethics to adhere to. This code of ethics dictates that we behave professionally, courteously and responsibly. This includes:

- Representing the sport in a professional manner
- Being respectful when giving an opinion
- Substantiating information before giving an opinion
- Being kind and courteous to others.

10. COMMITTEE REPORTS

11. DRUG POLICY

A. **Policy.** The purpose of NATRC's rule against the use of prohibited substances or prohibited treatments in equines during NATRC rides is both to protect the equines from harm and to ensure fair competition. Equines should compete under their natural abilities without the influence of any drug, medication or veterinary treatment. 7/15/17

B. **Drug Testing.** Contact current drug testing chair for instructions to ride chairs and veterinary judges. 11/14

The Foundation was created in order to provide for the future financial welfare of NATRC in the event that the general funds would become depleted. This Foundation money cannot be touched easily, without a By-Law change or a severe hardship as determined by the Board of Directors.

A. **Foundation Board of Directors.** The Foundation Board of Directors is totally separate from the NATRC Board of Directors. The number of initial directors shall be nine (9), consisting of six (6) members elected by and from the NBOD, with one (1) from each region, ("NATRC Directors"). In

addition, there shall be three (3) members elected by, but not from, the NBOD. The election of the Foundation Board of Directors will take place during the November NBOD meeting.

B. Foundation Board Meetings. According to the By-Laws, must meet formally, once a year, during the February national convention. The meeting time and place is at the discretion of the Foundation board officers.

1. During this meeting, the Foundation Board will vote on how to use the money earned from the Foundation interest. They are allowed to earmark only 90% of the Foundation earnings. The remaining 10% are to be re-invested back into the Foundation monies each year.
2. Each February, the Foundation will hold an election of officers, who will serve for a 1-year term. This is necessary because the Foundation board members will change as the national board members change.
3. Minutes of each February Foundation meeting will be submitted to the National NATRC Office to be kept on file.

B. **Publication Guideline**

2/14

Goal - to publish a professional, consistent looking newsletter in both electronic and printed formats. This guideline, developed from 2010 through 2012, continues to evolve. The Media Advisory Board (MAB) solicits content, solicits and prepares advertising, organizes and proofreads each issue, reviews and changes this guideline as necessary, and recommends to the NBOD any policy or major changes.

1. **HOOF PRINT SIZE:** 8.5" x 11" nominal. In printing, the paper is trimmed 1/8" all around the page. The final print size is 8.25" x 10.75", so column widths and heights, working area and ad sizes are based on the trim size of 8.25" x 10.75" with a .5" margin. See Figure 1 below. Titles and continuation titles will take up part of the top of one, two, or all three columns.

Figure 1. Page Template Illustrated

2. **AD SIZES:** The sizes of our ad spaces evolved from the above template. Figures 2, 3 and 4 illustrate the acceptable sizes.

Figure 2. Cover, Full & 1/4 Pg

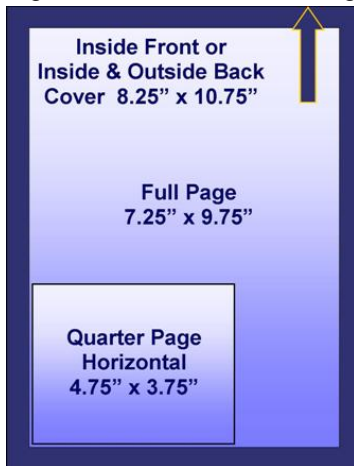

Figure 3. 1/2H, 1/3H, 1/6V Pg

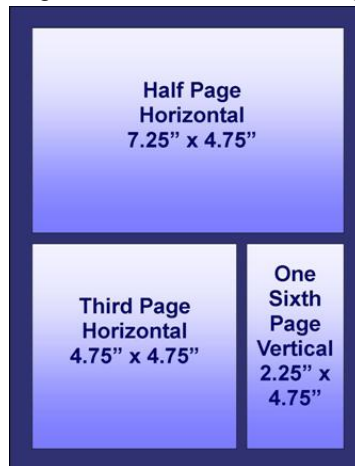

Figure 4. 1/2V, 1/3V, 1/6H Pg

3. **FONTS:**

- Comic Sans MS - NATRC name and abbreviation; all caps - unless otherwise approved by the MAB.
- Arial - 10 pt or less; in text body, sidebars, photo captions, contents, etc.; may be used in headers, sub-headers - Arial narrow, Arial black can also be used where appropriate.
- Font for cover and headers different from Comic Sans MS or Arial may be used with MAB approval.
- Other fonts - special fancy fonts may be tastefully used in story titles, article or paragraph introductions, bullets, etc. Sans Serif fonts are preferred, especially for small lettering, for ease of reading on the website.

4. **END OF ARTICLE SYMBOL:** Suggest miniature logo - . If used, logo *always* faces left.

5. **THINGS TO CHECK:**

- Ads should be their full size. Advertisers are paying for a certain size and expect it to be that size in *Hoof Print*. The ads are sized to span one, two or three column widths. If more than one column wide, the size includes the space between columns. In the example at the right, the quarter page ad spans the space between columns one and two and aligns perfectly with the right edge of the middle column.
- Column rows should align across the page.

- One space between the end of one sentence and the beginning of the next.
- Lists giving page numbers should align both left and right edges of the column and be straight vertically.

Examples of such lists are the Table of Contents, List of Advertisers, and Ad Rates.

- Photos should have permission from, and give credit to, the photographers.
- Single spacing consistent throughout.
- Paragraph justification in an article is the same throughout the article. Except for special paragraphs, such as bulleted items or quotes, some paragraphs should not be left justified and some others left-right justified.

C. Concerns

2/97, 5/06

Educational material should be in the newsletter. Letters received by *Hoof Print* editor and others expressing concerns about NATRC will be directed to the president AND ED who will determine the appropriate response to the concern. 23. NATIONAL BOARD OF DIRECTORS

A. [Election Schedule](#) - NBOD And Alternate

B. Election Procedure – See *Bylaws*.

C. Alternate Alternate

1. Because equal representation is important, in the rare event that an alternate cannot fill the seat of a regular director at a board meeting, the individual region will appoint a person at their discretion to fill the seat for that meeting. 11/14

D. Meetings – Protocol for Regular Meetings

1. Speak only when recognized by chair of the meeting. Raise your hand to be recognized.
2. While someone is making a statement or presentation to the group, do not interrupt. Wait until the speaker is finished to be recognized.
3. After a presentation to the group, the chair may ask for discussion or comments.
4. For items to be voted on, the following order prevails:
 - a. The member requesting a vote must make a motion regarding the issue.
 - b. Another individual must "second" the motion in order for the motion to be openly discussed.
 - c. After the "second", the motion will be opened for discussion.
 - d. During discussion, repeating points already made by another member is unnecessary. Concurrence or disapproval will be evident in the vote.
 - e. After a reasonable discussion, any member, with chair approval may call for a vote.
 - f. The vote will be taken.
 - g. Voting will be on the original motion, unless the individual who made the motion accepts an amendment to the motion. The secretary will note any amendments accepted and reread the motion prior to the call for a vote. The individual who made the original motion may request to table the motion for future consideration at any time prior to the call for a vote.
 - h. The secretary will record the results of any vote or tabling of any motion opened for discussion.
 - g. Any voting that is not unanimous will be noted in the minutes. There will be a listing of the minority and abstaining voters' names. 11/06
5. Dependent upon the size of the meeting, attendance, or the amount of items on the agenda, the chair may limit the time for individual comment and total time allowable for any one item presented.
6. Discuss matters of a personal nature in "closed" session. Exclude the affected parties during the discussion and voting.

E. Meetings – Protocol for Email Decisions

1. According to Roberts Rules of Order, email and conference-call meetings are not advised for a deliberate assembly because they do not allow for simultaneous discussion. However, it would be inefficient to try to make all the decisions during a regular NBOD meeting without some email discussion/ preparation ahead of time.
2. NATRC is a California Corporation. CA Corporation Code 5211 allows for electronic meetings. *See Appendix for full text.* 11/12
3. Between regular meetings of the NBOD, the Executive Committee, by unanimous agreement, may act in good faith to make decisions that they believe affect the overall good or integrity of the organization. Financial considerations in such decisions should be limited to \$500. The Executive Committee will notify the NBOD of their contemplated decision and be receptive to input from the NBOD. The entire board will have 7 days to input discussion on said decision. The NBOD will be asked to ratify such Executive Committee decisions at the next regular meeting. 7/08

F. Meetings – Schedule

The date of the national convention and February NBOD meeting can vary at the request of the host region. Subsequent NBOD meetings will be the second weekend in July and the second weekend in November. (Re-worded from BOD Guidelines, 11/87)

G. Meetings – Shared Board Calculations

1. The Shared Board concept was instituted in order for each board member to end up paying the exact same amount to attend any given national board meeting, in order to be fair to all, no matter what the location of the meeting across the nation.
2. The treasurer will be responsible for the calculation of the shared board expenses at each national board meeting.
3. The treasurer will circulate a sign in sheet for board members to record their totals. The following items are to be included in the shared board calculations:
 - Airfare amount
 - Total ground transportation costs, including airport/hotel parking & taxi service
 - Round trip miles driven to the airport or to the meeting if driving, at 30 cents per mile, subject to change as determined by the board.
 - Round trip mileage for the total distance to a NBOD meeting can exceed the average cost of air travel expenses. A comparable airfare may be used for NBOD members who choose to drive long distances to NBOD meetings. If the trip is for a combination of NATRC and personal business, half the driving mileage may be used. In cases where a board member chooses to drive and the mileage charges are less expensive than a comparable airfare, the mileage cost will be used. 11/14
4. After tallying all of the above, the treasurer will divide that total dollar amount by the total number of attending board members, which should be 12. The resultant figure is the shared board amount for that meeting.
5. Board members, whose totals are MORE than the calculated shared board amount, will be issued a reimbursement check for the difference.
6. Board members, whose totals are LESS than the calculated shared board amount, will write a check to NATRC for the difference. 11/07

 - Several paragraphs about themselves, their horse and their win.
 - Several photos of them in competition with permission from the photographer.
 - Let her/him know their writing does not have to be a finished product as you will edit.
 - Let her/him know they will have a chance to review the final release before it goes out.
 - Ask the raffle chair for the next year's convention to send you:
 - A write-up of the pertinent information they would like in the release - what, who, when, where, why. If they already have a flyer or draft of one, that will do.
 - When s/he wants the release to be sent (may combine with the convention press release).
 - Timing
 - President's Cup - release a few days after the close of the convention.
 - Raffle - find out who the next convention raffle chair will be to learn when they want the release sent - sometimes it is before the convention so your January will be very busy.
 - 2) *National Convention*
 - Start working on the release about SIX MONTHS (6) before the convention. This allows three months for getting the release prepared, reviewed and approved and a month or more for the magazines to incorporate it in their January issue before it goes to print.
 - Ask the convention publicity chair for a write up for the press release and a copy of the flyer, any schedule, list of speakers, etc. so you can get a flavor of the convention.
 - Timing - three months before the convention.

 - 2) To see if any of our contacts picked up the release and put it in their online media.

3. Coordinate magazine requests. You are the single point contact for the magazine.

- a. Sometimes they request an article on a topic written by us.

 - If someone else, pick the appropriate person based on the topic requested.

C. Notes & Tips

- 1. PLAN. The job really is not difficult, just a matter of staying on top of things.
- 2. Very little writing is required. The job is to get the news out and then let the pros take over to write the articles.
- 3. Any press releases or articles that the Publicity person writes must be reviewed by the EA, the assigned BOD member overseeing publicity, the marketing chair and occasionally (when the publicity chair is new or very sensitive material is covered) the President before sending them off.

29. RIDE SANCTION

- A. Sanction Chair
- B. Regional Ride Coordinator

The purpose of having a regional ride coordinator is to help facilitate the sanctioning of rides in a timely manner. At the end of the ride season the national sanction chair is working with all six Regions to sanction 50 – 70 rides a year. It is much more efficient for a region person who knows the rides and the chairs to coordinate getting rides lined up and making sure that Sanction Applications are filed on time. The regional ride coordinator works closely with the national sanction chair to:

1. Contact ride chairs from previous rides to ascertain whether they will be putting on their ride again for the up-coming year.
2. If they plan on doing the ride, work with them to get their sanction application in early enough to get into the Region Ride Book (if applicable).
3. If they are NOT planning on managing the ride ascertain if they are willing to let someone else manage that ride or free up the date for another ride to take place the same weekend. (NOTE: The ride date belongs to the sponsor of the ride. It is possible to let the date be used for one year and not lose the priority for that date in the following year. This is for one year only.)
4. Try to coordinate dates of region rides so that they are evenly spaced throughout the ride season.
5. Solicit prospects for new ride chairs to work with current ride chairs in an apprenticeship relationship to be able to manage future rides when current chairs want to take a break.
6. Communicate with people interested in putting on rides. People who have ranches or campgrounds with access to trails often contact NATRC about what needs to be done to put on a ride. The regional ride coordinator could connect these people with knowledgeable members to pursue the possibility of having a ride at new locations.
7. *Coordinate with the person responsible for publishing the region ride book to set deadlines for ride Chairs to respond to the coordinator and to have the sanction applications sent in for approval.*

C. Ride Sanction

1. A ride date belongs to the ride sponsor, not the ride chair. 11/78
2. The sanction chair may require any ride that has had severe management problems to send a letter to the sanction chair listing all key personnel. 4/81
3. The NBOD and the sanction chair have the discretion to refuse a sanction to any ride that has had substantial problems resulting from poor management if the same management personnel remain in office at the time sanction is sought. 7/82
4. A CTR event that is selective in providing entries or selective in entries accepted may have the sanction revoked and/or be denied sanctioning for future events. 6/87, 11/06
5. Only sanction a ride combined with another sanctioning organization if a separate judge is used for the additionally sanctioned organization's (e.g., A.H.A.) portion of the ride. (Re-worded from 2/88 and 11/91) 11/06
6. Ride chairs will declare on sanction application which state ride is sanctioned in if ride includes trail in two states. 2/96
7. Sanction Denial or Revocation 3/12

The BOD or Executive Committee and sanction chair have the discretion to deny or withdraw the sanction to any ride that has substantial problems resulting from poor management.

a. Considerations may include:

- Strong recommendation from judges that this individual should not manage a ride
- Failure to acquire adequate workers for the ride
- Timing, mileage or trail markings that are consistently inaccurate.
- Abusive or disrespectful behavior, disregard for safety, etc.; i.e., conduct not becoming an ambassador for NATRC
- Failure to submit the pre-ride progress report or post-ride report in a timely manner
- Late or non-payment of fees due to NATRC, insurance carrier, other organizations, refunds to riders, etc.

b. If sanction is denied or withdrawn:

- Ride chair must have written notification at least two weeks prior to the ride date.
- Sanction chair must also notify that region's national directors, who will take action to notify riders.

- B. Placements.** If a horse or rider is disqualified after awards, the places automatically move up. Judges should break ties in 7th place to avoid later problems if horses / riders do move up. 11/83

The Student Loan / Scholarship Committee will administer this fund under the auspices of the board of directors. The money from this fund will be distributed by the ED in the form of a loan or scholarship.
3. A loan is to be repaid in monthly installments beginning not later than six months following graduation or when the recipient ceases to be a full-time student. An annual interest rate of 3% will be charged on a loan starting at the time of graduation or when the recipient ceases to be a full-time student.
4. Preference will be given to a full-time student who has been a member of NATRC or whose family has been an active member for at least three years. APPENDIX A

RULE CHANGES: AWARDS – SECTION 9

(Sent as an attachment with minutes of NBOD meeting Nov. 13, 2010).

Justification

The proposed rule changes for 2011 include re-wording for the entire Section 9 – Awards. Many questions and problems have arisen about what the word **ride** means in this section.

For example, in the General Section, “In order to qualify for annual awards the competing horse or rider must have completed **at least three rides** in their designated Region.” Does that mean 3 “A” or equivalent rides or 3 rides of any ride type?

NUMBER OF RIDES TO QUALIFY

Between **1965 and 1969** (my records not complete), a President’s Cup award for the overall high point horse was started. There were no limits on the maximum number of rides that would count toward awards.

In **1975**, the high average horse award was started as proposed by Nancy Moss:

“Horses competing for the award must start on a minimum of eight rides during the year, counting an “A” ride as one, and a “B” ride as one-half. There is no maximum number of rides which will count.”

At least since **1985**, completion of three rides has been required to qualify for annual high point awards. No mention was made of ride type. The only place ride type was mentioned in annual awards was to qualify for the high average award. The 3 ride - requirement has always been figured as “any ride type.”

In **1993** the OLD President’s Cup was retired and replaced with the National Sweepstakes Champion. The name was changed because a 16 maximum ride limit was imposed, which drastically changed the nature of the award. However, it was specifically stated in VI B 1 (3) that *“All ride types (AA, A or B) will count as one ride”*.

A general statement was included in the **1993** Rule Book in the paragraph on Annual Awards that *“Only the first 16 rides started in a ride year will count towards National Awards.”*

The 16-ride limit was also placed on all national awards.

In **1995**, the National Awards section retained the requirement that only the first 16 rides would count. However, the rides were then defined according to type, similar to the wording for the high average awards.

1. *Only the first 16 rides started will count.*
2. *“A” rides counts as 1 ride, “B” ride counts as ½ ride, “AA” ride counts as 1 ½ rides.*

The language in the General section of the Awards section did not change. It continued to state, *“Only the first 16 rides started will count”* with no mention of ride type.

NBOD Minutes Nov. 12-13, 1994 help to clarify what was meant in the General section:

*“Motion made by Walls, seconded by Calhoun to change section VI, B, 1. to read: Only the first 16 rides started in **Open Division** in a ride year will count toward National Awards. Motion approved.*

Discussion on annual awards and whether it is more equitable to count the first 960 miles or first 16 rides towards awards.

960 miles would be the equivalent of 16 “A” rides.

OUT OF STATE/ OUT OF REGION RIDES

The 1969 Rule Book included this wording for National Championships:

- (a) *awarded two firsts OR one first and two seconds OR three seconds*
- (b) *awarded a first or second in each of two states*
- (c) *Accumulated 60 points*

When the high average horse award was started in **1975**, one of the requirements was:

“In order to be eligible to win the High Average Award, a horse must have started in either two out-of-state rides or one out-of-state ride and one out-of-region ride.”

The rationale for out-of-state/ out-of regions rides as explained by Nancy Moss was for riders to compete with different horses and perhaps under different judges. This also followed the requirement in the National Championships for competing in 2 states.

In a phone conversation Lory Walls had with Nancy Moss in early 2009: The requirement for out-of-region or out-or-state is not ride type, but simply “a ride”. Her (Nancy’s) comment was “you still pack up, trailer and start whether it is one day or two”. The only reason she put the equivalent of 8 A rides as the qualification was she

felt the horse should do the miles.

When the Old President's Cup was changed to National Sweepstakes Champion with a 16-ride limit in **1993**, the requirement to "start in at least 4 rides made up of any combination of out-of-region or out-of-state rides" was also added. No mention was made of ride type. This would have meant 4 rides **of any ride type** since no other language in the President's Cup Award indicated **ride type (A = 1, etc)** requirements at that time. (It actually specified that all ride types would count as one ride).

HIGH AVERAGE CALCULATIONS:

For the high average awards, the current wording is, "*The average score of each rider shall be determined by adding the "percentage scores" from **each ride officially started** and dividing by the number of **rides officially started**.*" What kind of ride does that mean?

In a letter to Gloria Becker (and Laurie DiNatale?) in 2002, Nancy Moss stated: "*While A, B, & AA rides count differently re qualifications ... & with adding points, **They are handled the same** when calculating %ages.*"

So you do NOT divide a score in half if it is a B ride, or multiply by 1 ½ for an AA ride.

Minutes NBOD Nov. 12-13, 1994:

"Inconsistencies in wording in awards section of Rule Book. Consensus that we need to make effort to bring all sections of Rule Book regarding annual awards into consistency."

The re-wording is an attempt to bring all sections of the Rule Book regarding annual awards into consistency. We have tried to clarify qualifications and calculations for each award by clearly stating what the word **ride** means in each case. Lory Walls and I have spent a lot of time researching what the word **ride** means in every case and feel confident that we have the interpretation correct. The proposed word changes do **not** reflect any changes in procedures. It's important that the wording accurately reflects what has always been done.
