RIDE MANAGEMENT SUPPORT FUND APPLICATION

The Ride Management Support Fund (RMSF) is for ride chairs/managers who are NATRC™ members and need assistance in covering initial ride expenses. Funds granted will *not exceed \$1000.00*. After receiving **approval** of the ride sanction application and at least 90 days prior to the ride, submit this application, the ride budget, and a cover letter explaining the reason for this application. A budget form is available on the website [Ride Management](#) page.

Within 30 days of completion of the event, submit a financial statement (profit and loss report) or the budget form with the Actual cost column also filled in. If ride income exceeds ride expenses, please repay the funds to help enable funding for future grants. In case of cancellation, return the funds, less already incurred out-of-pocket expenses, and submit a financial report.

Grants for new rides, rides in new locations, and non-sponsored rides will receive priority over grants for established rides.

The National Board of Directors, or its designees, will attempt to distribute the fund equally among all regions by whatever method the Board determines is appropriate.
