Carri-Lite Corrals

Official Portable Corral of NATRC

Choose from three colors!

Standard Panel Unit:

(8) Panels, (8) Connecting Rods, (4) Trailer Brackets, (6) Velcro Straps
Makes ~12' stand alone round pen or larger area when attached to a trailer

Size: 5' 3" length x 51" height | Collapsed Size: 28" x 39" x 2"
Weight: approximately 15 lbs

Warranty: 30-day customer satisfaction and 1-year manufacturer.
Ships UPS ground. No oversize charges.

Made of high impact engineering grade HDPE resin. This resin is resilient and provides flexibility so panels will not dent, crack or chip (they are not pvc). Metal panels can dent and will not store compactly once dented. The panels connect with simple rods and any panel can become a gate; just unpin and swing open. With ultrasonic welded couplers and hydraulic pressed fittings, the panels are durable and will provide years of maintenance free service.

North American Trail Ride Conference Mission Statement

The North American Trail Ride Conference (NATRC) promotes horsemanship and horse care as they apply to the sport of distance riding by offering a variety of challenging and educational experiences designed to strengthen horse and rider partnerships.

RIDE MANAGEMENT SUPPORT FUND

FINANCIAL HELP!

For Ride Managers
Apply for a grant
of up to \$1000 to help
defray the costs of your
NATRC sanctioned
Competitive Trail Ride.

ONLY TWO REQUIREMENTS!

1. Managers must be NATRC members.
2. The single-page grant application (with supporting documents) must be submitted at least 90 days prior to the ride.

For an application, please
contact our [National Office](#)

Ride Chairs & Secretaries

"The mission/vision/philosophy of NATRC has stood us in good stead for over 50 years now. Sticking with these guidelines has allowed us to become the best at what we do — educating and informing horsemen and horsewomen about how to care for and manage their horses over long distance trail competitions. This is what we do and No One Does it Better."

President's Message

Abilities and Professionalism

What is your definition of professionalism? When you say the word "Professionalism," does the face of someone in particular come to mind? Why is that? Is it their technical skill, or the way they conduct themselves, or both? Does professionalism matter to you? Does it matter to NATRC?

While our society quite reasonably labels certain fields as "Professions"---for example the Veterinary Judges we depend on---we also regularly encounter what we would likely define as professional behavior and character in our NATRC world. In the simplest of terms, the professionalism of NATRC and its representatives is what smooths the waters and makes our weekends possible with as few waves as possible and without our riders having to worry about what happens in the background.

Many things must come together for an NATRC ride to happen---we all know that. What we often don't stop and think about are the

professional "abilities" needed for this to happen in a successful fashion. Maybe the first one is responsibility. There is the act of taking responsibility---"response-ability." All the many responsibilities, large and small, from the National BOD and its various committees to our judges, and on to those volunteers handing out welcomed cups of water at P&R's are necessary parts of the big engine that could. *Taking these responsibilities seriously*, on every level, ensures the final product of an NATRC ride.

Another "ability" that goes hand in hand with responsibility is reliability, or "rely-ability." A professional not only is responsible for his or her duties *but is reliable in carrying them out*. Given that our sport is a volunteer organization, it could be easy to think of duties as something to get to when possible. Yet so often when tasked with a chore, our professionals promptly take care of obligations with nary an excuse from their busy lives. A professional is not only someone that you *do* rely on---they are also someone you *can* rely on.

"Account-ability" follows right on the heels of the other abilities. The very reason you and I feel we can rely on these folks is because they hold themselves accountable way before anyone else does. If things aren't going well and plan B is far in the rear view mirror, who will stand up and be accountable with not a complaint or excuse? Are policies and guidelines not quite to suit such that it would be easier to do one's own thing? Professionals are the ultimate team players and understand the importance of supporting organizational guidelines. *Excuses and blame hold no sway with a professional.*

We have sooo many NATRC'ers with "depend-ability". You and I depend upon their ability to keep their word, do what they say, when they say, use sound judgment, have no agendas, offer wise

counsel and act with integrity in all decisions. We know they'll support our organization, support our rides and answer "yes" more times than

they probably should. Every region has a few Atlas types who willingly shoulder and carry the weight of *holding themselves to a much higher standard*. Professionals all of them.

"Response-ability", "rely-ability", and "account-ability" are a "depend-ability" filled recipe for "cred-ability". Credibility is a foundation of trust. Without trust we have no real competition. Without competition we are just a trail ride. And while trail rides are fun, NATRC has a 54-year history of providing competitive trail rides so you and I can test ourselves and our horses and see if we really are becoming better riders for better horses. So these responsible, reliable, accountable, dependable, and credible professionals are the bedrock and foundation of our ability to function as a competitive trail ride organization. Our professionals certainly do matter.

It has been suggested that perhaps professionalism is not so much about *what* you do, but *how* you do it. You know that NATRC person when you see them. Responsible. Reliable. Accountable. Dependable. Credible. Professional. Certainly a high standard of conduct, and aren't we fortunate to have them?

Respectfully,
Kim A. Cowart
President, NATRC

Meet Our New Judges, Judge Applicants, Appentices and Provisionals

Congratulations Newly Approved Judges!

Veterinary: Natalie Morris, DVM (R5) Horsemanship: Wayne Tolbert (R5)

Members: Your comments to the Judges Committee on the following applicants, apprentices or provisional judges are welcome.

Provisionals Veterinary Judges

Elizabeth Yorke, DVM (R5)

Apprentices Veterinary Judges

Sharon Dehart, DVM (R4)

Horsemanship Judges

Jan Jeffers (R1)

Jill Talbot (R3)

Patti Hicks (R4)

Applicants

Veterinary Judges

Shannon Reed Herrick, DVM (R3)

Veterinary and Horsemanship Judges:

- Has your address or phone number changed? Please notify the NATRC office of any changes. Indicate home and office numbers.
- Apprenticing must be done with an **approved** judge who has agreed to judge and supervise an apprentice.

Ride Chairs:

- Secure your judges early. Remember, you must contact and secure your judges well in advance of your ride date!
- Please contact the National Office for a current Judges List.
- If you have difficulty securing a NATRC judge, please contact the appropriate Judges Committee chair:

Mike Bridges, DVM - Veterinary

Code of Ethics

We, the NATRC National Board of Directors, Executive Director, judges, committee members, and employees are ambassadors of our sport whether at an organized event or informal gathering. There is an implied code of ethics to adhere to. This code of ethics dictates that we behave professionally, courteously and responsibly. This includes:

- Representing the sport in a professional manner
- Being respectful when giving an opinion
- Substantiating information before giving an opinion
- Being kind and courteous to others

Horse Trail Access: Protect It or Lose It

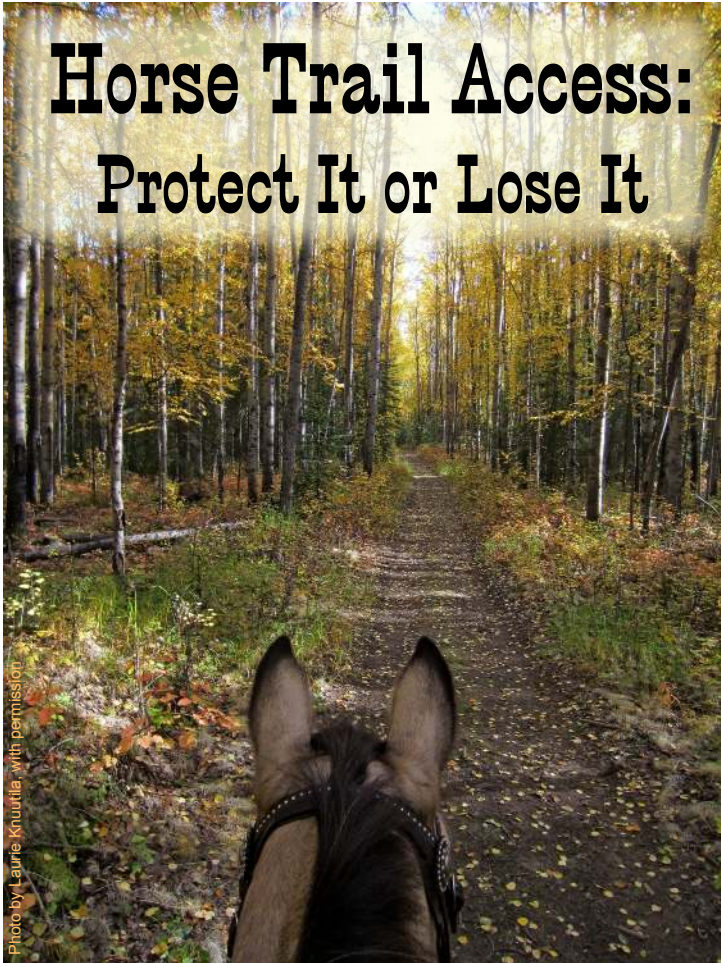

Photo by Laurie Knuutila, with permission

By Denise O'Meara for Equine Land Conservation Resource

Setting out on the trail with your horse is a magic moment. The promise of quiet solitude, the beauty of nature, relaxing with friends, the companionship of a beloved horse and enjoying a bit of adventure are all part of the attraction of trail riding.

How did this inviting trail become available to you? Did you develop a relationship with the landowner or manager, or is there any relationship at all? Good relations with both public land trail managers and private landowners are imperative. Do you have a written agreement or an informal understanding? And do you show your respect for the owner/manager by using trails responsibly?

Just as trail riding contributes to your happiness quotient, treating the land with respect contributes to the durability and availability of your trail. You should know the condition of your trails before you ride, especially during inclement weather. Thought-

lessly slogging through wet areas can cause extensive damage and create unsafe conditions. And it can lead to loss of trail access.

It's not uncommon for a private landowner to deny access to existing trails on their land, posting the dreaded No Horses Here sign. Public land managers, citing damage to sensitive lands, post Access Denied notices. Disappointing, yes; and often irreversible.

Education and proper stewardship are critical to maintaining trail

access for horsemen. With support from the AQHA STEP program, ELCR has partnered with *Tread Lightly!* a national organization concerned with land stewardship, to launch the "Respected Access is Open Access" campaign. The purpose of this campaign is to educate trail riders and promote responsible stewardship of trails in order to protect access.

How does careless use of trails affect the owner and the land? And how can you prevent closure of your trails?

The Cycle of Erosion

All user types will have some impact when trails are used after heavy rains, but a horse's heavy body weight combined with compact, sharp hooves churn up wet ground, plants and soil. Eroded soil washes into the nearest stream or pond as sediment. This can happen quickly if there is nothing to protect or prevent the soil from moving. It affects the

waterway by reducing oxygen and obscuring the riparian wildlife habitat. Other pollutants such as herbicides and fertilizers further reduce water quality. Downstream, it all ends up in our drinking water.

Riders and other users tend to avoid the wettest or most eroded part of the trail and traverse the edges, a habitat damage - an endless cycle of degradation continuing until the trail is no longer usable - or until the land owner recognizes the damage and puts a stop to trail use altogether.

What You Can Do Individuals:

- When riding alone or with friends, avoid wet or damaged trail areas. Let the landowner know about damaged or wet trail areas so others can be informed. Help with trail maintenance.

Trail Clubs:

- Organize your fellow trail riders and form a riding club. Clubs can focus on both enjoyment and trail stewardship by informing members about trail conditions, who can use private land trails and communicating with the land owner to resolve developing issues. Post current information on your website, social media or your email list!
- For more information on organizing a trail club consult the ELCR publication available on-line at "[Getting Organized - Creating Equestrian Trail Organizations](#)".

Public Land:

- Local/regional and state parks divisions often

(Continued on [page 5](#))

Photo by Jan Harbeck, with permission

(Continued from page 4)

post trail conditions and emergency weather situations with advice about trail closings on websites and Facebook. For example, [North Carolina State Parks](#) has an 'Alerts' section that indicates trail conditions, openings and closings. Users can easily check trail conditions, and adjust plans as needed. If your club uses these public trails, you can check these alerts and re-post them to your club's media.

Private Land:

Private trails may require more effort, as landowners seldom post information about trail conditions on their own land.

What can you do?

- When the owner can't provide information, designate certain club members to observe and report unfavorable trail conditions to the club manager. Post information on your club's media or email. For example, the foothills Equestrian Trails Association (FETA) helps to protect the community's equestrian trails system by limiting access to Association members and their guests. Conditions are strictly monitored and posted on Facebook.

Better Trail Planning and Design

- Stay abreast of new trail planning in your community and help to ensure that new trails and repairs to damaged trails are designed to shed water and hold up under the stresses of equine use. Don't know what makes good trail design? A good place to start is with the excellent US Forest Service manual "Equestrian Design Guidebook for Trails, Trailheads, & Campgrounds" by Jan Hancock et al. Available online at [Equestrian Guidebook](#).
- If you ride or otherwise enjoy trails, volunteer to help with trail maintenance. Contact your local chapter of [Back Country Horsemen](#). They perform and track countless hours of volunteer trail maintenance activities nationwide.

For additional information and postable public service announcements to help spread the word contact **ELCR** at www.elcr.org, and remember – Respected Access IS OPEN ACCESS!

HORSES IN THE MORNING

By Alice Yovich

On the August episode of *Horses in the Morning* we heard from Patsy Connor who discussed with us the importance of the pre-ride tack check. She also told us about how we can improve our equipment on the trail and some tips for making our trail riding successful. We plan to have Patsy back to discuss bits and biting in the future.

Also on the show was Dave Wisniewski, who has entertained us with brilliant photo shopped pictures of his Arabian mare, Scarlett, and their combined exploits. Some of the recent photos include Scarlett as Mr. Ed and Dave as Wilbur, skydiving, and an entertaining video with Dave and his crew dressed as C.H.I.P.S.

In September we will interview Jennifer William about the Bluebonnet horse expo held in Austin in September and Laurie Knuutila about her recent NATRC competition held in Alaska and some of the challenges that occurred before and during the ride.

Tune in to "Horses in the Morning" at 9 am ET the third Thursday of each month with co-hosts Alice Yovich and Glenn Hebert. Go to www.horsesinthemorning.com.

B2... Or Not B2? That is the Question!

Kimberly Murphy, Ride Management Chair

With the introduction of the one day "B" ride to NATRC competition, managers soon saw the benefits to offering riders this fun option. It can give new folks a way to test the waters more easily. It also offers a feasible option for those that want to compete but maybe cannot allocate the time for the full 2- day "A" ride.

Recently some ride managers have begun offering two 1-day rides in conjunction with the traditional "A" ride. They are offering a "B" ride on both Saturday and Sunday. That makes for two separate "B" rides...and the potential for confusion when the score cards are reviewed and recorded at the national level. It can be difficult to separate the two "B" rides if they are not all clearly marked and identified as to which ride they belong.

The first "B" ride on Saturday should be designated as "B1". The second "B" ride on Sunday should be designated as "B2". Secretaries and ride chairs must make certain that this is correctly entered in the RMS system and that each rider and horse card is clearly labeled with the correct designation of "A", "B1", or "B2". This will help to ensure that the scores and placings are recorded correctly at national.

Tabulating the points for the entire year is a challenging task. Let's all do our part as ride management to help make it just a bit less stressful.

NATRC Student Loan Program

Student loans are available up to \$5,000 per person per year, at the discretion of the NATRC National Board of Directors, after proper application has been submitted.

Preference will be given to a full-time student who has been a member of NATRC or whose family has been an active member for at least three years. Consideration will also be given to a student or a student's family who has been an active member of NATRC for less than three years but more than six months.

A loan will be made based upon financial need, scholastic achievement, and character of the applicant as determined by the Student Loan/Scholarship Committee.

A loan is to be repaid in monthly installments with an annual interest rate of 3% charged on that loan, beginning not later than six months following graduation or when the recipient ceases to be a full-time student.

For an application, contact the NATRC Executive Administrator at natrc@natrc.org, or download [NATRC Student Loan Application](#).

Please complete the form in Word or as an interactive PDF and submit via email to the NATRC Executive Administrator at natrc@natrc.org.

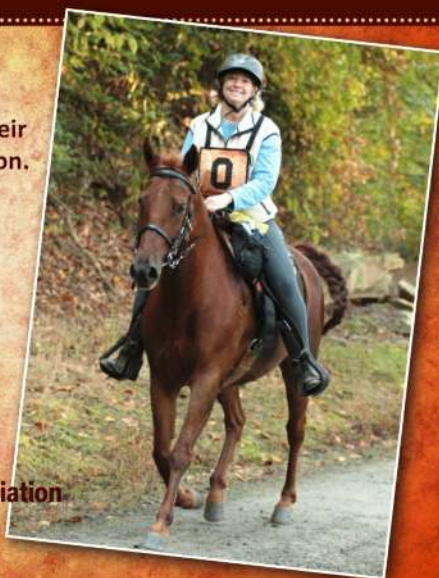

Missouri Fox Trotters Love NATRC!

Tack Check

Contributed by Priscilla Lindsey, Patsy Conner, Jean Green, Jim Ferris, Becky Rogers, Wayne Tolbert, Laurie DiNatale, and Jamie Dieterich.

Checking the tack is for safety and for the benefit of the horse. Proper fitting, clean, and serviceable tack is the main concern for your horse and the horsemanship judge. Tack should always be adjusted to be functional.

At the preliminary check-in, the halter should be adjusted snugly enough that the horse can't pull it off over the ears but not too tightly over the muzzle. Tuck the end of the crown-piece through the keeper of the buckle.

Rope halters have become popular to use during check-in, mainly because of the additional control they offer. However, judges often see these halters improperly adjusted or the knot incorrectly tied. Thread the loose end (tie end) of the halter through the eyelet hole, aiming for the rear of the horse, and draw up the length to the proper adjustment. Pass the tie end behind (forward) and below the eyelet hole and thread the loose end back (towards the rear of the horse) through the new loop that is formed. Tighten the knot, keeping the proper adjustment of the halter. If there is too much slack in the knot below the jaw, the rope needs to be worked through this knot to take up some slack. This knot becomes "set" fairly early in use, and it's very difficult to adjust it after the halter has been worn much; this is best done when

Properly adjusted rope halter.

the halter is new. For photos, see pp. 7-8 in the [Winter 2013 Hoof Print](#).

For safety reasons, many judges like to check the tack before the com-

petitors time out the first day of the ride. This can be done efficiently if the riders are ready and on time. Evaluating tightness of the main cinch is problematic. What's right first thing in the morning might not be right later in the day, and most riders figure out what works best for their horse. Cinch rubs tell a better story at the end of the day and are more indicative of a problem in adjustment or material (many horses are sensitive to neoprene) than a judge feeling under the cinch. Riders soon figure out if they need to adjust the tightness of the cinch for a judged mount or for hills if they are not using a breast collar and crupper.

The back cinch of a Western saddle should be adjusted to allow a couple of fingers to run under it. Be sure to check the adjustment often during the day as the back cinch often becomes very slack which would allow brush or a horse's hind foot to be caught in it. There must be a keeper strap between the back cinch and the front cinch to keep the back cinch from sliding back into the flank.

The saddle pad should be placed to protect the horse from the saddle and add-on gear. Before tightening the cinch, raise the pad up into the gullet (pommel arch) so it doesn't press on the horse's withers. The pommel arch is built into the saddle to relieve the weight of the saddle and rider from

pressing directly on the bony part of the withers and the spine and to allow the free flow of air to allow cooling. This becomes particularly important when riding long distances for extended periods of time.

Breast collar fit is critical. If it is too loose, the breast collar doesn't hold the saddle in place and can get caught in brush; too tight and it can cause sores or rubs or even cut off breathing. The bottom of the "V" should be well below the thoracic inlet (where the trachea enters the chest cavity). The strap to the cinch on any breast collar should not have much slack, perhaps a finger width or

Breast collar too loose.

two. Walk your horse forward a few steps to see that the strap is neither too snug nor too loose when the horse moves. If the breast collar attaches to the cinch, adjust the cinch from side to side to ensure that it is even, so the breast collar strap is centered.

Cruppers should be adjusted to be fairly snug but not tight. You should be able to lift the crupper about an inch off the horse's rump. A piece of fleece on the part that goes around the tail or some baby powder under it might help prevent chafing when the horse starts sweating.

Tie downs are not appropriate on a trail horse as they prevent a horse from keeping his head above water in a deep stream or pond, from getting up from a fall, or from stretching forward on a steep uphill climb.

Bits should not hang loose in the horse's mouth. The

(Continued on page 8)

(Continued from page 7)

bit should be adjusted to create 1-3 wrinkles in the corner of the mouth. To adjust, loosen the bridle straps holding the bit, bridle your horse. Let your horse hold the bit. Tighten the bridle straps so the bridle holds the bit in this location. A fleshier horse will naturally have more wrinkles than a less fleshy horse, and a fatter bit causes more wrinkles than a narrow one.

A bit that is too small will irritate the corners of the horse's mouth.

The shanks of a curb bit should curve down and back. The mouthpiece of a curb bit should not protrude outside the mouth, but a little bit of a snaffle bit might. A curb bit requires a curb strap in the chin groove to work properly. In general, the curb strap/chain should be adjusted so there is a space for a couple of fingers to slide under it or so that the strap/chain begins to exert its effect in the chin groove when the shanks are rotated back about 45 degrees. You should be able to put two or three fingers between the throatlatch and the horse's throat.

The nosepiece of a bosal or mechanical hackamore should be where the cartilage of the nose enters the bony part of the nose.

Practical trail horsemanship includes carrying at least the following: hoof pick or something similar for cleaning the feet; sharp knife; a halter and rope or similar gear for tying a horse quickly, safely and securely at the lunch stop or in the event of a trail emergency; your ride map; watch; and a ride time schedule. Emergency supplies such as knife, compass, cell phone, I.D. etc. should be carried on the person rather than on the horse; a knife on a thrashing horse does no good if you can't get to it.

All add-on gear and equipment (pommel bags, canteen bags, water scoop, rain coat, etc.) should be adjusted evenly side to side and snug enough so as to not flop around as the horse moves down the trail. Traditional saddle bags are hard to secure well for a competitive distance ride, and their large surface area interferes with the horse's cooling on a hot day.

At P&R stops, readjust the equipment as needed and check the

horse's shoes and feet. Any tack that is loosened should still be adjusted tight enough to be functional. Loosening the cinch means a notch or two; it doesn't mean five notches. It should still be tight enough to hold the saddle on, or it should be completely undone. If the horse spooks, the saddle should stay where it belongs or fall to the ground; it should not end up hanging from the belly. If the cinch is un-

done, the martingale, breast collar (cinch snap released first), and crupper should be completely free also; the saddle shouldn't be left connected to the horse by other tack. On a muddy ride, clean the girth or cinch whenever possible as mud there can cause much discomfort or sores.

If you have any questions during the ride, please feel free to ask your horsemanship judge.

Horses Make Faces

In published research, scientists found that [horses make 17 distinct facial expressions](#).

A recent article on "Progress in Equine Pain Management" at www.equisearch.com says the "horse is telling you something hurts when they avoid looking at you, appear despondent, clench their jaw, flatten their ears back and/or squint their eyes." Good horsemen know that the look in the horse's eyes can tell a powerful story, good or bad. Look at your horse's face and eyes during and after a ride and see what they tell you.

4-H Junior Rider Year End High Point Award

To encourage participation by 4-H members, NATRC offers a 4-H Junior Rider Year End High Point Award.

- The award goes to the high point rider and high point horse **regardless** of the rider's division.
- The award is a self-nominating award. The nomination must occur before the end of the ride year, which is the second Sunday in November. This year, it will be November 8, 2015.
- The rider must (1) be a member of NATRC (2) send Laurie DiNatale an email (natrc@natrc.org) stating that they are a 4-H member and (3) have their 4-H leader verify that they are a member with an email to Laurie DiNatale (natrc@natrc.org).

In a number of states (Colorado is one example), 4-H now recognizes competitive trail riding as an activity that qualifies as a 4-H member's project.

Letter to the Editor,

Recently we had Dr. Kay Gunckel as the veterinary judge at our Jackson Forest ride here in Region 1. What a wonderful judge and person she is! She was so upbeat that the riders really enjoyed the vet checks and obstacles. She was informative as well. At each night's briefing she gave a small lecture on an issue – like electrolytes, and then held a short question and answer session about anything animal health related. I really like this kind of interaction with our judges, and I think it really represents who we are in this sport and why. I would love to encourage more of our judges to take the time like this and to give our riders more to think about.

Our horsemanship judge was Jan Jeffers who has been away from judging NATRC rides for a number of years, so it was really refreshing to see a new face. Her obstacles were completely relative to trail riding, and she judged how the rider handled the situation, not just the final result. I want to say thank you to both judges for making this such a positive and fun ride for everyone.

Angie Meroshnekoff

Ever wonder how much your searches and shopping through GoodSearch are helping NATRC? It's easy to find out.

Go to the [GoodSearch](#) page. In the upper right hand corner, you will see your name and the total dollars you have raised. Hold your cursor over

your name and click on 'Activity' in the dropdown box. The page that comes up details *your* fund raising. Click on 'goodshop' in the table that comes up and you can see each purchase that you have made, the company and the donation amount.

If you do not see your name and amount in the upper right hand corner, then you will need to contact GoodSearch to fix the problem.

If you want to see the details of the total amount raised for NATRC, click on 'North American Trail Ride

Conference - NATRC' which is located above the blue GoodSearch name in about the middle of the page.

To be sure your searches are credited, make GoodSearch your default search engine. And ... remember, go to [GoodShop](#) to do your shopping! They add new businesses all the time.

Tip - If you do your own taxes, both TaxCut (H&R Block) and TurboTax make hefty donations!

Inbox

Imposters

By Bev Roberts

We all love to read about NATRC and our NATRC family. Who doesn't want to see us, or someone we know, "in the news?" We get all excited when an email materializes in our inbox that has NATRC in it.

Take this subject for example, [Missouri Fox Trotter Maggie That I Ride NATRC On](#). We utter, "Oh goodie!" as we anticipate we might read a junior's blog, an article about an incredible horse or maybe the virtues of "Neigh-trac."

We click on the title and what comes up is a site that wants us to download software for music, or wants us to join some sort of e-music or e-book club or ... if we're lucky ... presents this message from Google:

The site ahead contains harmful programs.

Attackers on dl.xxxx4free.co might attempt to trick you into installing programs that harm your browsing experience (for example, by changing your homepage or showing extra ads on sites you visit.)

These sites apparently troll YouTube and search engines looking for material to tie them to other organizations. In that way, as in this case, when someone searches for topics like NATRC, horse, riding, trail, and so on, their site also appears in the search results.

So, if you use some kind of automatic search service in your browser, like Google Alert, to look for certain topics daily, you might just get one of these bad guys masquerading as good guys.

Recruiter's Report

Jerry Sims,
Membership Recruitment

Please welcome the following new and rejoining members:

Region 1A

Heather Augustines, Stefanie Bergman, and Reija Shnoro

Region 3

Sky Baldwin, Bri Clarke, Sarah Hofkamp, Sonny Mills, William Morgan, and Jill Standquist

Region 4

Rafanette Dooley

Region 5

Linda Galbraith, Cindy House, Marie Lambert, Lesley Jakovicic, Terri Leonard, Celia Purcell, and Pamela Walker

Region 6

Verona Chaffin

At present we have 128 new members nationally through July, 2015.

I want you all to know I have enjoyed representing the members of

Region 3 as their National Director and NATRC as the National Recruiter. I have decided not to run for a second term; I would rather see new people step up with new ideas to keep us in step and on top of our membership. I still will be around helping with rides and clinics and hopefully judging horsemanship.

Since this is probably my last report to the Hoof Print, I have to say one last thing.

We, the members of NATRC, need to change the way we are recruiting and retaining members. We don't just need a recruiter or a membership chair, we need a membership team. Membership development isn't a process - it's a behavior. While there is indeed a process involved with new members' development, successful recruitment has to start from within the NATRC culture and the pride each of us has in our organization.

There are key elements to consider:

1. Teamwork. All members are part of the membership team, regardless of any titles or positions in NATRC.
2. Documentation. With proper documentation each team member can see where non-member competitors are in the process to ensure they are contacted and encouraged to join.
3. Fun. Fun activities are a great motivator for membership recruitment and retention. Fun is contagious.

Members need to be knowledgeable about our organization and talk about what we are. NATRC will sell itself. We need to communicate consistent information; misinformation can lead to confusion and lack of interest. We need to continually provide information about NATRC to prospects. If you are unfamiliar with a topic, refer any prospects to someone who has the knowledge they seek.

Our regions and their directors and our national body of the board of directors need a culture accepting new ideas from new members and their families.

All of us need to find the answer to how to retain members. We are

NATRC NATIONAL CONVENTION 2016

FEBRUARY 19-20, RENO, NV

Region 1 is your host for the convention at the Grand Sierra Resort in Reno. There is something there for everyone: theaters, entertainment, bowling, stores, gaming, nearby skiing and of course the NATRC/AERC vendors and convention guest speakers. Plan ahead for a fun filled weekend in "The Biggest Little City." Rooms will be available at a discount for NATRC attendees.

Please mark February 19 and 20, 2016 on your calendars now.

Schedule

Feb. 18 – NBOD Meeting
 Feb. 19 – Speakers;
 Vendors
 Feb. 20 –Speakers;
 Vendors;
 Awards Banquet
 Feb. 21 –R1 Awards
 Breakfast

Contact

not only losing newer members, but the old timers as well. It was mentioned at a recent National BOD meeting to reduce fees to members who are no longer competing in NATRC. Many of these old time members are still involved in our sport, but they no longer compete. Reducing the membership fee for non-competing members could help retain some members.

Fun; it is worth repeating! If we are not having fun, we should reconsider what we are doing.

One last thing: if we are not talking to our future members and keeping up with what our membership needs,

"Someone else is."

It has been my pleasure to serve you on the National Board.

Hope to see all my friends soon.
 Jerry L. Sims

A Thank You to
 Laurie Knuutila
 From a
 First-Time
 Competitor

Hi Laurie,

I just wanted to give a huge thank you for all of your hard work with the 2015 Challenge of the North CTR (R1A). It was so much fun and I met some wonderful new friends! I admit, I was stressed and scared to do it, but once I started...I was having a blast! Everyone was so helpful and wonderful. All the volunteers and judges were AMAZING and the sponsors will not be forgotten. The trails and the markings were "spot on." I never once felt lost and the trails, even though they were a muddy mess, were great and the scenery was awesome! I loved going over the creek! There were some challenging spots and I learned a great deal by doing them.

The judges' comments on my cards helped me so much and, since the ride, I have been working on the advice of the judges. The comment cards really do help! I need to be lighter in the saddle going up hills! The advanced riders were so awesome and helpful to us 'novice' riders and it meant so much to us.

I am striving to go to the one in Wasilla next year just to see if Stryker and I will improve on uphill and better horsemanship. I really did learn so much! IT WAS FUN! I learned so much from your CTR Conditioning Club and I want to thank you for that!

Thanks so much for all you do for the horse community here in Fairbanks. I know I certainly do appreciate it so much!

You are the best!

Lynn Crance

National Board of Director's Meeting Summary, Denver, CO, July 11, 2015

CALL TO ORDER by Kim Cowart, 8:00 a.m., July 11, 2015, Denver CO. Dieterich, Meroshnekoff, Malone, DeMattei, Chuck Smith for Sims, Horne, Yovich, Gould, Cowart, Clayton, Rinne, and Parys present. Laurie DiNatale, Executive Administrator. Patsy Conner, as Sanction Committee Chair.

MINUTES. February 19, 2015. Call for corrections. **Malone moved to accept minutes, Rinne seconded. Motion approved.**

PRESIDENT'S REPORT. Cowart shared with the BOD the passing of long time NATRC member, Mary Britt. Cowart listed items that would be discussed in the meeting. Identifying a member loyalty program is important.

We will need to identify new Drug Testing and Trail Advocacy chairs for 2016 as Dr. Jerry Weil and Erin Glassman have asked to be replaced. We owe both our great thanks for working on our behalf.

EXECUTIVE ADMINISTRATOR'S REPORT. DiNatale. Report filed. DiNatale reviewed the various mailings that have been accomplished so far this year. A letter from Judges Committee, along with 2015 Rule Changes, was mailed to all judges. A Management Manual, along with letter from Management Committee, was mailed to all ride

chairs and secretaries. All renewing members were mailed a letter from President Cowart, along with an NATRC sticker. A letter from President Cowart, along with an NATRC Sticker, will be mailed to all lifetime members. Renewal postcards and emails were sent to all 2014 members. We have 157 households that have not renewed for 2015.

SECRETARY/TREASURER'S REPORT. Malone reviewed reports. We are healthy financially. Income is down. Expenses are down. Raffle income is down. No additional funding from the RMSF has been awarded. The total awarded and returned stands at \$5,650 and \$2,235, respectively. Malone reviewed the Measurements report from Elaine Swiss.

BY-LAWS & RULES. Sarah Rinne (Wayne Hyatt). See Rules Report in Hoof Print and on the Website.

POLICIES AND PROCEDURES. Dieterich.

A writing standard was approved.

Discussion on minimum age requirements to participate in clinics. Consensus that a minimum age of 8 is appropriate for clinics, but the junior must be accompanied by an adult.

Ride Requirements by Ride Management. Our rules don't require adult riders to wear helmets. Ride management and/or the facility can specify such things as stabling options. Discussion on whether ride management or a facility can require adult riders to wear helmets. Consensus that yes they can, and this should be documented in the P&P.

Action items:

Several blanks exist in the job descriptions. E-News, currently listed under *Hoof Print* as part of the Media Advisory Committee, should have a comprehensive job description. Publicity Chair, MaryAshley McGibbon, will work with the media advisory committee to develop an NATRC Basic Fact Sheet for easy reference for writing general stories about NATRC or in answering interview questions.

PROTEST. Meroshnekoff. No current Protests.

PLANNED AND CHARITABLE GIVING. Cowart. No report.

RIDE SANCTION. Patsy Conner reviewed her report. Conner reminded BOD that rides having a B ride on Sunday must meet minimum mileage requirements.

CLINIC SANCTION. Linda Clayton. Report filed. Insurance Reimbursement of \$100 has been made to each of four clinics.

MANAGEMENT. Kim Winterrowd. Report filed. Parys asked if weight cards should be standardized across all regions. Parys distributed a sample weight card that could be used in all regions. Parys will send a template to Bev Roberts for branding. Template could then go on the website under ride management docs. Management Committee will inform Ride Managers of the availability of the weight card template. Gould raised the question of what happens to the number of starters in a class if a rider is re-weighed during competition and is moved to a different class. Various scenarios were discussed. No consensus reached on that question.

RULES INTERPRETER. DeMattei reported that time delays still seem to be a problem across the regions with hold ups at obstacles being the main reason.

INSURANCE. DiNatale. No changes to insurance.

SAFETY. Gould. Reviewed four accident reports.

MARKETING/ PUBLICITY. Bev Roberts. Report filed. Jean Green sent report on E-News. DiNatale distributed the new brochure. Discussion on the development of a Press Kit. Cowart will talk with Mary Ashley McGibbon regarding this. Rinne has created a YouTube channel for NATRC instructional videos. Meroshnekoff, Priscilla Lindsey and Patsy Conner will work on the first instructional video with subject being proper uphill position. Parys and Rinne will work on a member loyalty program. Cowart and Rand will research building a "Booth in a Box" for promotional events. Horne will research the creation of an NATRC promotional calendar. Discussion regarding the RMS system and keeping it user friendly.

(Continued on page 16)

Reminder from Cheri Jeffcoat, Points and Data Committee and Terry Silver, Breed and Organizational Liaison

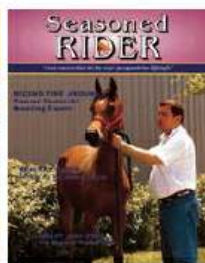

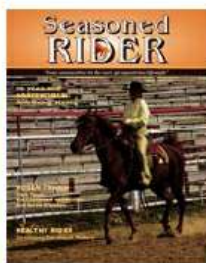

1. To be eligible for year-end awards, NATRC membership dues must be paid by the second Sunday in November, the end of the Ride Year.
2. Many breed organizations sponsor year-end high point breed awards. Memberships in NATRC **and** the breed association are required, so be sure to keep your breed association membership current.
3. It is the responsibility of the owner of the horse to accurately report/verify the horse's breed to NATRC.
4. Questions about the horse and/or rider records should be directed to NATRC, natrc@natrc.org.

NATIONAL AWARDS PRESENTATION. Region 1 will handle awards presentation at the convention as hosting region.

SOCIAL MEDIA. Rinne. Our national Facebook group is exploding. Some sponsors have the benefit of posting on FB. Yovich and Parys offered to help remind sponsors that have the benefit to submit information.

BUSINESS MODELS AND MEASUREMENTS. Swiss. Report filed. Cowart pointed out that we need members, but we also need participation at the rides. Retaining members, new and old, is paramount.

SPONSORSHIPS. Swiss will continue to work on sponsorships, but will be cutting back on time and would like others to step up to do more. Malone has taken over the invoicing of sponsors. Cowart has had an inquiry from a potential sponsor. Parys will help get that sponsor on board. Parys and Yovich will help to make sure that sponsors are using all of their benefits.

RAFFLE. Jim Ward. Most BOD members felt that a raffle with prizes that are appealing to both horse people and non-horse people is easier to sell.

MEDIA ADVISORY. Dieterich. Reported that NATRC offers a wide number of media avenues. These include Hoof Print, website, E-News, Facebook page, Radio program, Manuals, brochures and press releases, partner ads with breed associations and the Judges Forum.

RIDERS AND JUNIORS. Meroshnekoff. No report.

FOUNDATION. DiNatale explained that annuity is based on her own lifetime expiration date.

DRUG TESTING. Jerry Weil, DVM. No report. Question was raised on whether a horse that could not be tested due to its behavior could/should be disqualified or exempted from testing? No answer reached.

VETERINARY DRUG COMMITTEE. Michael Peralez, DVM. No report.

TRAIL ADVOCACY. Erin Glassman. Report filed. Glassman has asked to be replaced as chair of committee.

EDUCATION. Dieterich. Report filed. Riders Manual is still in revision process. Video on uphill position will now

be in progress. Yellow copies of scorecards by provisional judges are reviewed by the Judges Committee and the judge's mentor judge. These scorecards provide vast educational opportunities for the provisional judge.

MEMBERSHIP RECRUITMENT. Jerry Sims. Sims reported on the new and rejoining members.

MEMBERSHIP RETENTION. Betty Wolgram. Wolgram sent a letter to the 167 members that had not yet renewed by April 2015. As of June 30, 12 of those people had renewed.

JUDGES. Mike Bridges DVM/Priscilla Lindsey.

Lindsey reported on apprentice and provisional judge status. The Committee recommends that Natalie Morris, DVM, and Wayne Tolbert be approved as NATRC Judges. **Motion by Rinne, seconded by Rand, to approve both Morris and Tolbert as NATRC approved Judges. Motion approved.**

Dieterich gave report on CRI. Committee felt that 30 second reading may be more accurate, but 15 second reading may be easier to accomplish. Committee is working dili- (Continued on page 17)

TRAILWISE SADDLES

gently to reach a consistent method of conducting the CRI. The CRI is a helpful tool for vet judges in evaluating condition. The goal is to get all NATRC Vets to use the same method and the same scoring. The Committee is working on a method that can be performed by P&R teams.

HALL OF FAME. Jackie Coleman. No Report. An application for Windstorm Sienna has been submitted and verified. This application will be voted on in November.

STUDENT LOAN/SCHOLARSHIPS. DeMattei filed the following report. The monies for approved Bev Tibbitts Memorial Scholarships have been sent to the universities. A Student Loan Application has been received from Jason Klamm. **Motion by DeMattei, seconded by Rinne, to approve the requested \$5,000 for a Student Loan to Jason Klamm. Motion approved.** DeMattei will request Promissory Note from Klamm.

BREEDS & ORGANIZATIONAL LIAISONS

- BREED LIAISON. Terry Silver. No report.
- AHA LIAISON. Bob Insko. No report.

HONORARY & APPRECIATION. Ruth Mesimer. Report filed. **All nominations must be submitted to Mesimer by October 15, 2015.**

ANNUAL POINTS/ NATRC DATA/ NATIONAL RECOGNITION. Cheri Jeffcoat/Laurie DiNatale. No report.

ELECTRONIC MEETING COORDINATOR. Sallie Kudra. Please contact Kudra to set up conference calls.

CONVENTION 2016. Region 1. Dieterich reported that R1 will be working with AERC to hold the convention at the Grand Sierra Resort in Reno, NV. Dates are February 18, 2016 for BOD meeting. February 19-20, 2016 for convention.

REGIONAL REPORTS. Will be filed via email.

SHARED BOD AMOUNT. \$334.26.

Old Business:

1. Electronic Scorecards. No action.
2. Riders Manual. Dieterich is working on revision.
3. Strategic planning. Discussion will continue.

New Business:

1. Electronic Heath Documents. Consensus that electronic copies of Health Certificates and Coggins should be accepted.

Cowart encouraged other BOD members to consider running for NATRC President in 2016.

Motion by Rinne, seconded by Gould, to adjourn. Motion approved.

Full minutes on file at National Office.

GoodSearch & GoodShop

NATRC can receive one penny for each Internet search using GoodSearch as the search engine. Those pennies add up! And you can shop using GoodShop, which includes all the big retailers, with up to 30% going to NATRC. Turn your search and shopping into dollars. Please go to:

www.GoodSearch.com

and set North American Trail Ride Conference-NATRC (Sedalia, CO) as your preferred charity.

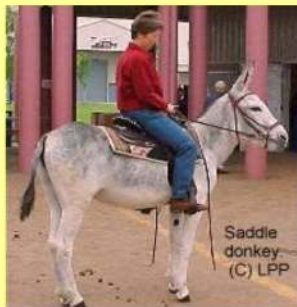

To be sure that your GoodShop purchases are credited to NATRC, go to the online store through GoodShop. How? On the GoodSearch page, click on GoodShop in the upper left. Type in the store name in the search bubble, click on the search icon, and finally, when the search results come up, click on the store logo.

Trail Care Tip

At a P&R stop, if you loosen the cinch, it's a good idea to disconnect the breast collar. The cinch should be adjusted to keep the saddle on or to let it fall off clear of the horse if he should spook or even shake hard. If the saddle does slip, there's probably going to be a big wreck if it's hanging up in the breast collar.

**Notice to
Riders:**

Be aware of NATRC's drug rule, Section 7 in the NATRC Rule Book. The purpose is to protect equines from harm and to ensure fair competition. The drug appendices can be seen at [Drug Rule Appendices](#). You are responsible for medications given to your horse.

Rule Change Proposals for 2016

Please read the following proposals carefully and contact your Region's National Board of Directors members to voice your opinion on these proposals. The National BOD will vote on them in November 2015.

LEG PROTECTION

SECTION 5 – THE RIDE

- E. Hoof Protection/ **Leg Protection (Pg. 5-2)**
1. There are no shoeing restrictions.
 2. All types of hoof boots that provide sole protection are allowed. However, any attached strap, keeper, or gaiter must not extend above the pastern. The judges may request to observe the area covered by the attached strap, keeper, or gaiter.
 3. **Optional hoof boot accessories that extend above the coronet are not permitted.**
 4. Protective devices, such as bell boots, wraps, or wraps/socks under hoof boots are not permissible on the legs of horses. The leg is defined as all structures above and including the coronet.
- F. Tack
1. Riders must use a saddle and headgear with attached reins. The type of saddle, headgear with reins, and other equipment is at the discretion of the rider within the bounds of good horsemanship. However, no inhumane method of restraint is to be used.
 2. Trail gear desired by the competitor during the ride will be carried on the horse. No part of a rider's wearing apparel is considered trail gear.
 3. ~~Protective devices, such as bell boots or wraps, are not permissible on the legs of horses except for hoof sole protections as allowed under Section 5.E.2. The leg is defined as all structures above and including the coronet.~~

Rationale: Many riders and Rules Interpreters have questions about what types of boots or accessories are permissible. Moving #4, currently under Tack (F.), to Hoof Protection would help to further clarify what's permissible.

COMPETITIVE PLEASURE NATIONAL CHAMPIONSHIP

SECTION 9 – AWARDS

B. Annual Awards, 2. National Awards (Pg. 9-5)

- j. COMPETITIVE PLEASURE NATIONAL CHAMPIONSHIP: In the Competitive Pleasure class a horse shall be declared a National Champion when all the following requirements are met within the first ~~42~~ **16**** rides officially started in the same year. Type A ride counts as 1 ride, Type B ride counts as ½ ride. The horse and rider team shall be considered officially started when timed out on the first day of the ride.
- (1) Awarded two firsts or one first and two second placings from any ride type.
 - (2) Awarded the first or second placing from any ride type in any two states or two regions, or is awarded a national placing in HIGH POINT COMPETITIVE PLEASURE HORSE.
 - (3) Accumulated 75 points. ~~Lower to 65 points if horse is limited to first 12 rides.~~
- ** or raise number of rides to 16 if the requirements are to be the same as for an Open National Championship.**
- (4) Horses competing for a National Championship Competitive Pleasure award must be at least 60 months of age.
 - (a) Registered horses are considered 60 months of age as of actual foaling date on the registration papers.
 - (b) Unregistered horses are considered to be of eligible age if they have a "full mouth" (all permanent incisors having erupted and are in wear) as determined by the veterinary judge.

CHANGES TO DISTANCE ONLY/NOVICE ELIGIBILITY

SECTION 4 – DIVISIONS, CLASSES, AND ELIGIBILITY

A. DIVISIONS, f: Limitations (Pg. 4-2)

- (7) No accredited NATRC horsemanship or horse judge shall compete for horse or horsemanship awards in the Novice Division.
- (8) **Any rider having attained 3,000 1,500 miles in competition or having won two one or more National Championships, President Cup, Jim Menefee Combined Horse and Horsemanship, Bev Tibbitts Grand Champion High Average Horse, or Polly Bridges Memorial High Average Horsemanship in any class in any previous year is ineligible to compete for horse or horsemanship awards in the Novice Division.**

Purpose: To reduce the appearance of impropriety by having experienced NATRC competitors competing a horse in the Novice Division regardless of their horsemanship status of DO. It was discussed that an experienced competitor does have a competitive advantage despite riding a green horse.

CHANGES TO RIDE OFFICIALS/SAFETY RIDER/SAFETY PERSONNEL

SECTION 3 – MANAGEMENT OF RIDES

B. Ride Officials (Pg. 3-2)

6. ~~Safety Riders Personnel:~~ **One or more safety riders personnel designated by Ride Management will follow competitors be available on the trail to assist any horse or rider in event of emergency. Safety riders personnel must be 18 years of age or over.**

(Continued on page 20)

(Continued from page 19)

Purpose: To reduce liability for Ride Management and NATRC. Not all safety personnel are on horseback nor do safety riders always directly follow the riders. Stating safety riders 'will follow competitors' could be interpreted as legally binding. Using the term safety personnel allows Ride Management to designate safety riders, P&R crew members, safety personnel on ATVs etc.

RULE CLARIFICATIONS

REMOVAL OF UNNECESSARY STATEMENT

SECTION 9 – AWARDS

B. Annual Awards, 2. National Awards (Pgs. 9-5, 9-6)

- l. HIGH POINT OPEN HORSE: Points shall be credited to horses for the purpose of determining annual high score awards in each Open Class, (i.e., HWT, LWT, JR), first through sixth place. Only the first 16 rides officially started will count. Type AA ride counts as 1½ rides, Type A ride counts as 1 ride, Type B ride counts as ½ ride. The horse and rider team shall be considered officially started when timed out on the first day of the ride. ~~These criteria will be used for the purpose of determining various championships and additional awards which may be considered in the future.~~
- m. HIGH POINT OPEN HORSEMANSHIP: Points shall be credited to riders for the purpose of determining annual high score awards in each Open Class, (i.e., HWT, LWT, JR), first through sixth place. Only the first 16 rides officially started will count. Type AA ride counts as 1½ rides, Type A ride counts as 1 ride, Type B ride counts as ½ ride. The horse and rider team shall be considered officially started when timed out on the first day of the ride. ~~These criteria will be used for the purpose of determining various championships and additional awards which may be considered in the future.~~
- o. HIGH POINT COMPETITIVE PLEASURE HORSEMANSHIP: Points shall be credited to riders for the purpose of determining annual Points shall be credited to riders for the purpose of determining annual high score awards in the Competitive/ Pleasure Division, first through sixth place. Only the first 12 rides officially started will count. Type A ride counts as 1 ride, Type B ride counts as ½ ride. The horse and rider team shall be considered officially started when timed out on the first day of the ride. ~~These criteria will be used for the purpose of determining various championships and additional annual awards which may be considered in the future.~~

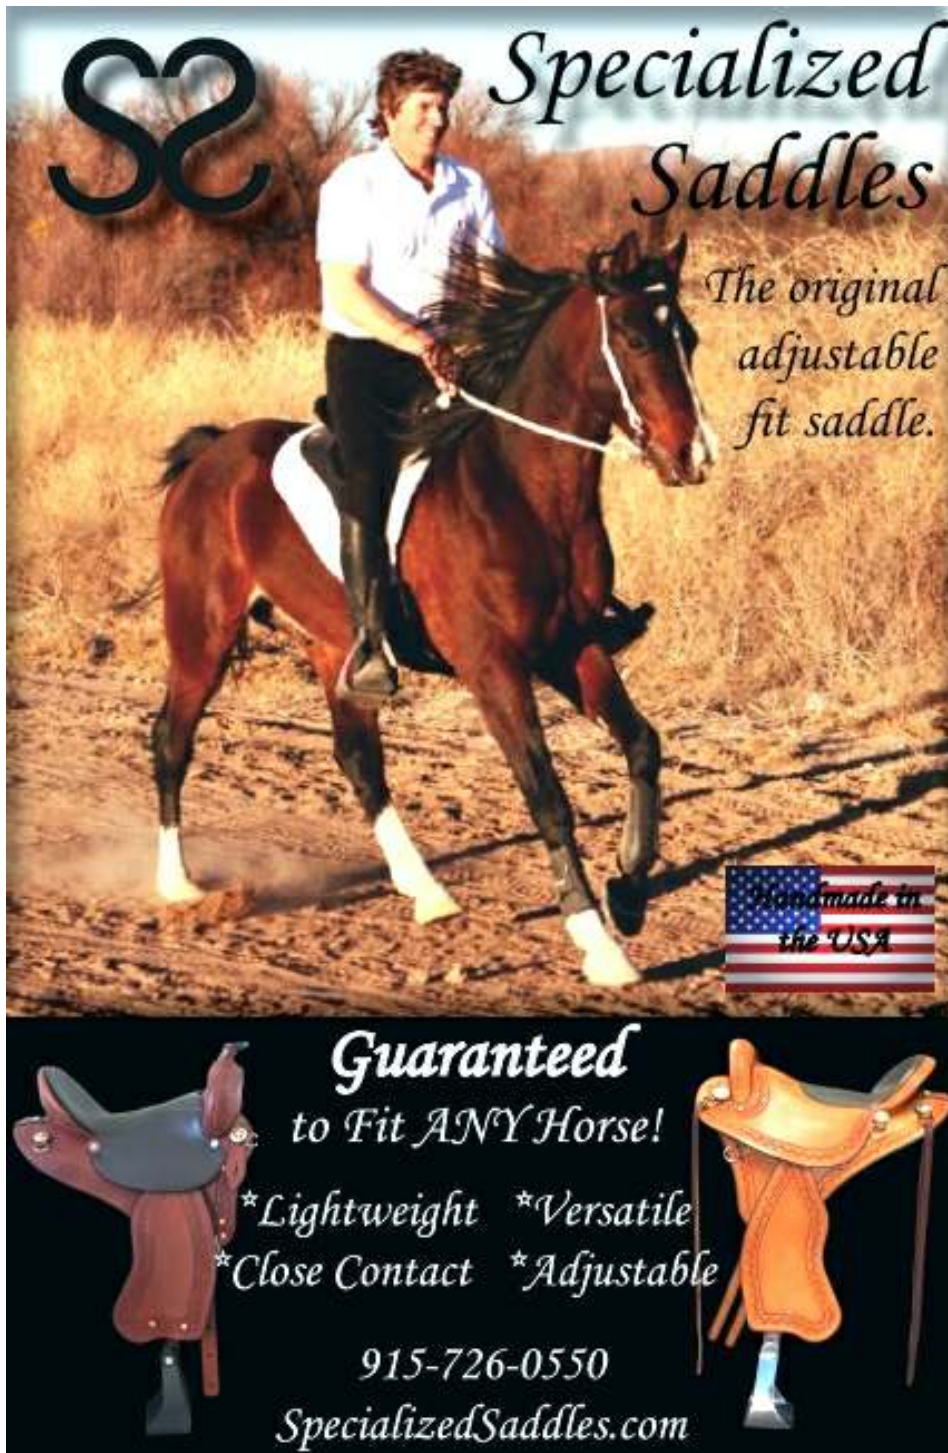

Rationale: Starting in 1975, the Rule Book read, for Annual High Score Awards, "Points will be credited to horses for the purpose of determining annual high score awards in each open division (at that time, HWT, LWT and JR were divisions rather than classes), as well as the various championships and additional annual awards to be considered in the future."

In 1985, the wording was changed to read:

HIGH POINT OPEN HORSE: Points shall be credited to horses for the purpose of determining annual high score awards in each Open Class, (i.e., HWT, LWT, JR), first through sixth place. This criteria will be used for the purpose of determining various championships and additional awards which may be considered in the future.

"This/ these criteria" originally applied to points being credited. It kept being pushed to the end of

(Continued on page 21)

The advertisement for Specialized Saddles features a central image of a rider on a brown horse in a field. To the left is a large logo consisting of two interlocking 'S' shapes. To the right, the text reads "Specialized Saddles" in a large, elegant font, followed by "The original adjustable fit saddle." in a smaller, cursive font. Below the main image, two saddles are shown: a dark brown one on the left and a light brown one on the right. The text "Guaranteed to Fit ANY Horse!" is prominently displayed above the saddles. Below this, four bullet points list features: "*Lightweight", "*Versatile", "*Close Contact", and "*Adjustable". At the bottom, the phone number "915-726-0550" and the website "SpecializedSaddles.com" are provided. A small American flag graphic with the text "Handmade in the USA" is located in the bottom right corner of the main image area.

(Continued from page 20)

the paragraph.(1) It is not necessary for the meaning, and (2) it is not reasonable to make a statement that certain criteria will apply to "various championships and additional awards." Each championship and award should be very specific to itself.

RIDE YEAR CLARIFICATION

SECTION 9 – AWARDS

B. Annual Awards, 1. General. (Pg. 9-1)

- e. Ride year will end immediately after the second Sunday in November.
- f. Horses receiving annual awards must be ridden by a member during the ride year of NATRC.
- g. Riders receiving annual awards must be members during the ride year of NATRC.
- h. A non-member joining NATRC at any time during the ride year in which he has competed in a ride will start to accumulate points from the first ride ridden in that year. (For exceptions see Section 9.2a(3), 2c(5), 2e(5), 2k(4)).
- i. Points are based on the table in Section 9 C4.
- j. In order to qualify for annual awards the competing horse or rider must have completed at least three rides of any ride type in their designated Region (See Section 10 for Region 1A requirements).

Rationale: Many riders don't realize they must be members by the end of the ride year. Section 1 – General, describes membership for 12 months beginning January 1. The only place "ride year" is defined is under Section 2 – Sanctioned Rides and Clinics.

POINT DISTRIBUTION CLARIFICATION

SECTION 9 – AWARDS

C. Point Distribution (Pg. 9-6)

- 1. Points shall be based on the number of starters in a Class. Points will be awarded as outlined in table of section C-5 (6). Each division may have All or Heavyweight, Lightweight and Junior classes.
- 2. DO participants are not counted as starters in a ride. DO horse and rider receive no points.
- 3.4. Disqualified or pulled horse and rider receive no points.
- 2.3. DO horse and rider receive no points. (Moved to #2)
- 4.3. The Open Sweepstakes winner will receive points equal to the highest points awarded for the total number of horses in the Open Division in any of the three Open classes. The Novice Sweepstakes winner will receive points equal to the highest points awarded for the total number of horses in the Novice Division in any of the three Novice classes.
- 5.4. The Sweepstakes winner will receive points, in addition to other points won for horse, as follows: 3 points for a Type AA ride, 2 points for a Type A ride, one point for a Type B ride.
- 6.5. Points earned in one class will not be added to points earned in another class by the same horse or rider. 9-6 Revised 01/2014

Purpose: For clarification of how points are awarded.

DEFEATED

SECTION 9 – AWARDS

Motions to continue with proposals to add high point horse and horsemanship awards to the Novice Division were defeated.

Motions to change how sweepstakes points are calculated were defeated.

"Through your hands you should be many things to your horse: a friend to be respected and trusted, a quiet, steady influence whom will reward good behavior with a word and a touch and bad behavior with a calculated correction using the rope or rein. I do not include the term partner in this because a partner has an equal say."

—Nancy Kasovich, NATRC Horsemanship Judge

SPOTTED DRAFT HORSE SOCIETY

The Spotted Draft Horse Society, Inc. has been established to record, promote and define Spotted Draft Horses in our society.

The Spotted Draft Horse is a draft type horse with pinto/paint markings and we have established stud books to preserve breeding programs already in place.

Discover how wonderful SPOTS can be... Visit our website to become a Member Now!

Reminder

If an NATRC horse (that has competed) has been bought or sold, the mileage will not go with that horse unless the buyer or seller notifies the National Office that the horse has changed hands. We need the current and past owners' names, breed and registration number

(if applicable) in order to move the mileage to the new owner.

If you change your name, please notify the National Office so we can put your mileage with your current name.

If you see that your name or your horse's name is incorrect in the *Hoof Print* – please notify the National Office and

ask for a correction. The RMS is a privately owned and maintained system. If you corrected a name on the RMS System, it will NOT be corrected on the National database until you notify us of the change.

 you know
 better.
 Then,
 when you
 know better,
 do better."*

—Maya Angelou

Measures of Fatigue

Heart rate, respiratory rate, and measures of dehydration (color of gums, capillary refill time, skin tenting, jugular refill) are indicators of fatigue. Fatigue can also be judged by changes in the horse's **movement**: changes in the gait from the normal springy long strides to fatigued, short choppy steps; **attitude**: alertness of the eyes, ears, facial expressions, actions such as nickering, interest in surroundings, etc., and by decreased **willingness** to go on.

Saddles**
and cinch

The Original

Did you know that:

- NATRC is the first distance competitive trail sport?
- Our rules defined the sport?
- We are the first competitive trail organization?
- We were incorporated 10 years before the American Endurance Ride Conference?
- We are the only organization that judges both the rider in horsemanship and the horse in performance as they work as a team?

"Sanctioning rides of a measured distance within a window of time, the North American Trail Ride Conference promotes and provides educational tools to help the rider improve the performance and care of the competitive distance horse."

—Jamie Dieterich

RIDE A REGISTERED APPALOOSA

Willing Attitude, Athletic Ability and as Unique as You Are.

From endurance to competitive trail riding, the ApHC Distance Program has something for everyone.

If you enjoy the growing sports of endurance and competitive trail riding, the ApHC Distance Program provides recognition for your hard work and training. Medallions, Registers of Merit, High Mileage awards and 1,000-mile awards await those Appaloosas completing the mileage requirements in these disciplines. Mileage completed determines the awards.

Riding on trails that are wet can damage trails. Rain softened surfaces are vulnerable to use immediately after rainfall events. Please allow trails time to dry before adventuring out. Ride on dirt roads or more durable surfaces and allow the trails to recover. Do your part by modeling appropriate behavior and best practices.

This PSA was made possible by the American Quarter Horse Association's STEP program.

Rain? Rein go away. Come again another day!
